Description of failure

Decontamination Declaration

Due to legal regulations as well as for the protection of our employees and our factory equipment it is compulsory that your return of goods is free of hazardous substances. Please confirm your compliance by signing the following declaration.

The returned goods did not come into contact with health-damaging substances during the stay with us or in context of our applications. If contamination has occurred, the goods have been decontaminated according to valid safety regulations. The decontamination protocols have been attached to the return of the goods. All information is complete and only true.
