CS60-UP-ID-LIZENZ
CS60 Upgrade Lizenz

- The CS60-UP ID LICENSE adds the Localize and Detect ID Code functions to the sensor. Using the code, its x/y position can be used to track subsequent tools. Additionally, 1D and 2D codes are read.

- To activate the upgrade, the license file is simply transferred to the sensor using the nVision-i Start interface.

- The serial number of the device is required for the license creation. Please enter the serial number in the comment field when placing your order.
